

Dingo Ute Trays

The new Dingo 'eye-tie' trays combine the best of steel trays and alloy trays with the revolutionary 'eye-tie' system. Don't buy a tray for your ute until you have checked out the Dingo 'Eye-Tie' tray.

Features and Benefits

- Powder coated steel frame for strength
- Aluminium sides & floor to keep the weight down
- Patented 'Eye-Tie' to down points around the whole tray
- Adjustable ladder rack
- Space for ramps or drawers
- Steps to help you up onto the tray
- Available for Single Cab, Space Cab and Dual Cab utes
- Fits all popular brands of utes
- Optional steel tool boxes

Dingo ute trays are made in our factory in Dalby Queensland and are available for installation in Darwin (by Forecast Machinery), Brisbane, Toowoomba and Dalby. Also available in kit form with delivery Australia wide.

Will suit all popular brands including Toyota, Nissan, Isuzu, Holden, Mazda, Mitsubishi, Volkswagen.
